

Welcome! Contemplative Fire is a movement, a community and an adventure, celebrating life in all its fullness on the Way of Christ.

Dates for your diaries, prayers and networking

1 *Ely Cathedral, Lady Chapel, Saturday 2 February, 2-5pm, Workshop and Gathering (this replaces the event originally planned for this coming Saturday, 1 Dec).* We are currently planning and networking re this event; if you know anyone in the Cambridge or Ely area who might be interested in this event or in the seeding of CF small groups in the area, please let them know or let the CF office know their contact details.

2 Following up on our variety of London events in the last few weeks (last in the series - *Gathering at St Ethelburga's, Bishopsgate*, this Sunday at 6pm), we have currently planned three more events in the New Year: *On Saturday 26 January, Pilgrimage to Now/here* awareness walk and input, connecting the churches of All Hallows by the Tower and St Andrew, Holburn Circus together with a Thames walk. *Saturday 23 February, Sisters of Sion, Notting Hill*, a day exploring Christ consciousness, co-hosted by Contemplative Fire and Christians and the New Awareness (CANA). *Saturday 1 March, Pilgrimage to Now/here*, again linking All Hallows by the Tower and St Andrew, Holburn Circus together with a Thames walk. In addition to the above, we are hoping to nurture some small CF groups and hold another Gathering.

3 One of our primary ingredients in building the CF community is the bi-monthly series of *Wisdom on the Way days* which take place in Oxfordshire and which include some teaching input and awareness walk in natural beauty. These days are for those who have committed to being Companions on the Way. For further details about membership/Companions on the Way, please see The Community Guide on our website. Wishing you health, wholeness and conviviality

Philip
